SITE WORK ✦ LAND CLEARING ✦ DEMOLITION ✦ TRUCKING ✦ DGA ✦ FILL ✦ GRAVEL ✦ MULCH ✦

Attention Residents:

On Tuesday, July 6th, we will begin sewer work on Grove Street in North Plainfield from Greenbrook Road to Rockview Avenue. During work sanitary sewer laterals, water, or gas may be out of service during construction for no longer than 8-hours at a time. If your service will be disrupted, we will provide advance notification. Road work will typically begin at 7:30am ending around 4pm Monday-Friday for approximately 5 to 10 working days. During construction, it may be necessary to close the street partially or completely to traffic due to safety concerns. If you are within the active work zone and you plan to drive your vehicle while rehabilitation is scheduled on Grove Street, we ask that you please keep your vehicle South or East of the intersection of Grove St and Rockview Avenue or North or West of the intersection of Grove St and Greenbrook Road. If you decide to park your car in your driveway at night and do not wish your vehicle to be blocked in your driveway until work is completed, please be sure to move it prior to the 7:30 AM start time.

If you have any questions or concerns, please feel free to contact our office number listed above. Should you be unable to get in touch with Messercola, please reach out to Mott MacDonald at 732-780-6565 and request either Paul Rodriguez, P.E., or Bryan Oakes Jr., P.E.

Thank You
Justin Messercola

Atencion Residentes:

Martes 6 de Julio o despues, comenzaremos las obras de alcantarillado en

Grove Street en North Plainfield desde Greenbrook Road hasta Rockview Avenue.

Durante el trabajo, los laterals de alcantarillado sanitario, el agua o el gas pueden estar fuera de servicio durante la construccion por no mas de 8 horas seguidas. Si su servicio se interrumpe, le notificaremos con anticipacion.

El trabajo en la carretera generalmente comenzara a las 7:30 a.m. y terminara alrededor de las 4 p.m. de Lunes a Viernes por aproximadamente 5 a 10 dias.

Durante la construccion, puede ser necesario cerrar la calle parcial o completamente al trafico debido a problemas de seguridad.

Si se encuentra dentro de la zona de trabajo active y planea conducir su vehiculo mientras la rehabilitacion esta programada en Grove Street, le pedimos que mantenga su vehiculo al sur o al este de la interseccion de Grove Street y Rockview Avenue o al norte o al oeste de la interseccion de Grove Street y Greenbrook Road.

Si decide estacionar su automovil en el camino de entrada por la noche y no desea que su vehiculo se bloquee en el camino de entrada hasta que se complete el trabajo, asegurese de moverlo antes de las 7:30 a.m., hora de inicio.

Si tiene alguna pregunta or inquietude, no dude en comunicarse con el numero de nuestra Oficina que figura arriba. Si no puede comunicarse con Messercola, comuniquese con Mott MacDonald al (732) 780-6565 y solicite a Paul Rodriguez, P.E. o Bryan Oakes Jr., P.E.

Gracias,

Justin Messercola
